Program Implementation (not to exceed 10%):		
Other (Please Specify Expense):		
TOTALS	$3200	
In Kind Contributions that benefitted project:	$28	Florida resident student discount
Project Detail		Our target date is January 17th.

Other Funding Sources:

Students run a coffee cart as a fundraiser for class activities and field trips. They work really hard, taking orders, making the orders, and delivering them to teachers and administration. Their goal is to go to Animal Kingdom, however there won't be enough funds. We need assistance.

Program Rationale: (Why is this program important?) To promote hands on learning and understanding of animal habitats and behaviors. Also the importance of nature conservation, understanding of ecosystems, and endangered species, This will be an entertaining and fun hands on experience where the students can utilize their social skills, money skills and appropriate behavior skills in the community.
Program Impact: (How will the teachers and students benefit from this project?) Through social interaction within the community as well as utilizing money skills, and time keeping skills. This is a real life experience where students can apply life skills taught in class.
Program Evaluation Method: (How will you measure teacher and student success?) The student will be able to adhere to a daily budget and purchase meals and/or souvenirs with guidance. Behaving appropriately within the community. Interact socially with peers and others.
Program Timeline: (provide a project start date and completion date) Approximately one week prior to our trip we will review daily budgets and go over menus and money skills. We will also review appropriate social skills.

Program Approved By: St. W. B II or _____

Principal — Assistant Superintendent/Superintendent
