Program Rationale: (Why is this program important?) This program will afford our fourth grade students an opportunity to review all the standards and skills taught this year and prepare them for the upcoming Fourth Grade Math FSA. These **STAR WARS** workbooks are going to make learning fun and exciting with curriculum-based exercises and activities from a galaxy far, far away...

Program Impact: (How will the teachers and students benefit from this project?) This STAR WARS workbook will be used as a review platform along with other materials acquired by the teachers.

Program Evaluation Method: (How will you measure teacher and student success?) The most accurate and dependable tools to measure student success will be student graded assignments and individual FSA scores.

Program Timeline: (provide a project start date and completion date) Our review project will start on April 6, 2020 and will be completed by May 4th.
