| <p>Other Funding Sources: My checkbook as I am able to purchase books from the school book fair is the only other funding at this time.</p> |
| <p>Program Rationale: (Why is this program important?) The children need books, over and above going to the Media center. Time in Media is very limited, and children need to read and choose a book and be able to return it and pick again, sometimes 5, 6 times until they find the "right" book. This can only be accomplished in the classroom. Therefore a teacher needs about a beginning library or 275-300 books, some of which are 6 alike for Reading circles and at least one class set (125.00).</p> |
| <p>Program Impact: (How will the teachers and students benefit from this project?) Students will be able to choose books that interest them. A student that has a book that is of high interest will read. My students will grow in conversation, interests, love of learning and in in their personal scores.</p> |
| <p>Program Evaluation Method: (How will you measure teacher and student success?) I know this will increase their iready reading scores. 20 minutes per day, research has shown, will in impact that a child's assessments scores by significant amounts see: https://www.researchgate.net/publication/250184534 Time Spent Reading and Reading Growth . The American Association of Librarians concur: http://www.ala.org/aasl/sites/ala.org.aasl/files/content/aaslpubsandjournals/slr/vol3/SLMR_IndependentReading_V3.pdf.</p> |
| <p>Program Timeline: (provide a project start date and completion date) Sept, 2018: request funds for books. October, 2018, receive funds November, 2018 purchase books</p> |
