**Other Funding Sources:**

**AVID in school account which comprises of fundraiser money accumulated over the year.**

**Program Rationale:** (Why is this program important?)

AVID's mission is to close the achievement gap by preparing all students for college readiness and success in global society.

**Program Impact:** (How will the teachers and students benefit from this project?)

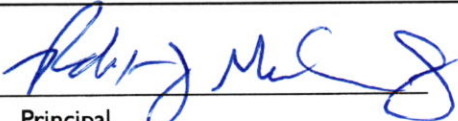

We require students to be exposed to college campuses at least two times a year. University of Florida holds this event once a year for AVID students to get them excited about the possibility of college. Several students in the program will be the first in their family to go to college, so making it seem like a reality is invaluable.

**Program Evaluation Method:** (How will you measure teacher and student success?)

Participation and reflection upon return to campus regarding the experience. AVID students are tracked from 6<sup>th</sup> grade through 12<sup>th</sup> grade and into college. South Lake and Lake Minneola High Schools(our two main feeder schools) claimed to have 100% of their AVID student enrolled in college.

**Program Timeline:** (provide a project start date and completion date)

This field trip will take place sometime in April 2019. Date has not yet been set.
