Project Abstract (Describe in 200 words or less your project proposal and outcomes to be measured. Think of this as your elevator speech, what would I say about this project and its potential impact?) We are using these supplies to help reinforce information taught in the classroom. The students will use this equipment to help with sanitation and the flow of food which are all part of the ServSafe certification.

Project Detail

In the space below, please provide a detailed outline of your project activities. **Please be sure to include the following:** 1) Goals and objectives of your project activities, 2) expected timeline for project activities, 3) when certification exams will be taken, 4) additional information pertaining to your request.

Students will use be taught how to use the equipment in a way which will provide safe food. Students will continue to use the equipment after they certify by teaching other students how to use the equipment. We plan on giving all 250 students the opportunity to take a certification in our course and hope to have a good pass rate.

Outcome Measures

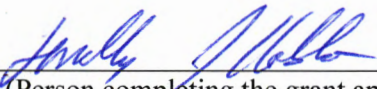

What certifications are offered through this CTE program (*is this a new or current certification offered at your school*)? We offer the National Registry of Food Managers certification and also the ServSafe Certification.

How many students will participate in this CTE program? 250 students

What is your target number of students that will receive an industry certification? All 250 students by the time they graduate.
