

Program Materials (Non-Consumable):		
Equipment:	143.84	21-22 Game Upgrade
Other (Please Specify Expense):	156.16	Tournament registration fees
TOTALS	300.00	
In Kind Contributions that benefitted project:		
Project Detail		
Other Funding Sources: Lake County School Board Funds allocation		
Project Detail: (Please provide your project detail, including why the program is important) This program is introducing students to engineering and programming. These students are getting hands on experience with creating robots!		
Program Impact: (How will the teachers and students benefit from this project?) Students have and will use their experiences creating robots and competing to further their own goals of working in the engineering and programming field. This benefits the teacher because I won't be paying out of pocket for any expenses this year.		
Program Evaluation Method: (How will you measure teacher and student success?) Seeing the students level of competency when working on the robots and programming them while also seeing their success at competitions.		
Program Timeline: (provide a project start date and completion date) October 1 st 2021- April 5 th 2022.		

Program Approved By: _____
Principal Assistant Superintendent/Superintendent

(A principal, assistant superintendent or superintendent signature is required for all requests over \$2,000.00. The superintendent's signature is required for all requests over \$5,000.00. The superintendent's signature is also required for all requests for curriculum or capital expenditures (other than building improvements)
